The year is just beginning, and the 3A soccer team is looking strong. So far we have played three games and have three wins. The first win of the year was a scrimmage, against Rivers, and we won 3-0. The second game was against St. John's prep which we also won 3-0, and we had a big 4-0 win against St. Sebs. The success of 3A so far can be attributed to the grinders on the team. Prime examples of this are Jack Barry and Justin Paré. Now a word from Jack Barry, "I may not have the most skills, I may not be the fastest player, but I can still work hard if I put my mind to it." - Jack Barry (0 goals). The team's success may also be attributed to Charlie Penzone the team's leading goal scorer, and defensive leader Connor Monahan (the gazelle). So far 3A has succeeded tremendously, and we hope to continue an undefeated season with our grind and skill.
